

BETTER RATINGS BEGIN WITH **BETTER DISINFECTION**

Nothing can ruin a guest experience faster than molds, smells, and pathogens, and those negative experiences can easily turn into negative reviews.

Luckily, routine and one-time SteraMist® treatments can help improve overall guest experiences for the hospitality industry. SteraMist® has superior surface disinfection capabilities and ensures those with chemical sensitivities will not have a reaction after proper aeration.

SteraMist® technology utilizes ionized Hydrogen Peroxide (iHP™), a non-caustic, chlorine and bleach-free fog to help create an environment inviting for guests and staff with chemical sensitivities and other allergens.

- The ultimate tool for elimination of bacteria & viruses such as **Staph, MRSA, Norovirus, H1N1, C. difficile** and **salmonella**.*
- An effective broad-spectrum surface disinfectant.
- Goes above, beyond, under and around disinfecting sprays and wipes.
