

POWERFUL DISINFECTION FOR BOTH **PETS AND PEOPLE**

Disinfection is not only vital in healthcare facilities, but in veterinary environments as well. Regularly disinfecting surfaces can control outbreaks that can result in closures, financial strain, and danger to everyone from staff to animals.

Utilizing ionized Hydrogen Peroxide (iHP™) - a non-caustic, chlorine and bleach-free aerosolized fog - SteraMist® treatments can effectively disinfect a facility at any time with TOMI™ Service Network providers.

SteraMist® technology utilizes ionized Hydrogen Peroxide (iHP™), to help create an environment where veterinarians are free to focus on what matters most.

- The ultimate tool for elimination of bacteria & viruses such as **Staph, MRSA, Norovirus, H1N1, C. difficile** and **salmonella**.*
- An effective broad-spectrum surface disinfectant.
- Goes above, beyond, under and around disinfecting sprays and wipes.
